INDEX OF ABSTRACTS

AUTHORS

Aas, T. W. Oxygen saturation in tuberculosis, 48

Abbot, O. Resection of the carina, 63

Abbott, V., J. F. McCreary, R. Pocock, and H. Brown. Fibrocystic disease of the pancreas, 72

Abeles, H., and D. Ehrlich. Circumscribed intrathoracic lesions, 13

Ablard, G., *See* Duroux, A., and others

Abric, I. *See* Kreis, B., and others

Adcock, J. D., W. F. Fidler, W. A. Meier, and C. R. Owen. Streptomycin-*p*-aminosalicylate, 44

Adelman, M. H., R. A. Berman, and A. S. Touroff. Automatic controlled respiration, 39

Adler, H., K. Toman, and G. Tomanová. Tonsillar swab culture, 47

Affeldt, J. E. *See* DeNardi, J. M., and others

Albright, R. W. *See* Jordan, W. S., Jr., and others

Alpern, E. B., and J. F. Lynch. Histoplasmin tests in children, 11

Amon, R., and E. Muntean. Pulmonary tuberculosis and carcinoma, 71

Anabtawi, S. *See* Hinden, H., and others

Ancona, V. Ch., and W. B. Rawls. Auricular fibrillation and mediastinal tumor, 58

Andino de, A. M., and C. T. de Beradinis. Pneumococcal pneumonia, 36

Appelbaum, E. *See* Reisner, E. H., Jr., and others

Arendt, J. Infectious mononucleosis, 9

Arnott, W. M. *See* Whitfield, A. G. W., and others

Asher, R., and D. Davies. Treatment of empyema, 75

Asmussen, E., and M. Nielsen. Efficacy of artificial respiration, 25

Auerbach, O., L. Weiss, and G. N. Stemmermann. Pathology in streptomycin-treated tuberculosis, 95

Austrian, R., G. S. Mirick, D. E. Rogers, S. M. Seasoms, P. A. Tumulty, W. H., Vickers, Jr., and C. G. Zubrod. Oral penicillin for pneumonia, 67

Aviado, D. M., Jr., T. H. Li, W. Kalow, C. F. Schmidt, G. L. Turnbull, G. W. Peskin, M. E. Hess, and A. J. Weiss. Respiratory and circulatory reflexes, 83

Baetjer, A. M. Carcinoma in chromate workers, 27

Air pollutants and acute diseases, 28

Bailey, F. N. *See* Reisner, E. H., Jr., and others

Baker, C. G., and A. B. Shaw. Diaphragmatic flutter, 77

Ballet, B. *See* Rist, N., and others

Bariety, M., O. Monod, P. Choubrac, and P. Joly. Angiocardiography in carcinoma, 91

Bartter, F. C. *See* DeNardi, J. M., and others

CONTENTS: ORIGINAL ARTICLES

NUMBER 1, JULY, 1951

Artificial Pneumothorax: A Statistical Analysis of 557 Cases Initiated in 1930–1939 and Followed in 1949. I. The Influence of Clinical Findings Before Induction on Early and Late Results. ROGER S. MITCHELL.... 1

Artificial Pneumothorax: A Statistical Analysis of 557 Cases Initiated in 1930–1939 and Followed in 1949. II. The Fate of the Contralateral Lung. ROGER S. MITCHELL..... 21

Artificial Pneumothorax: A Statistical Analysis of 557 Cases Initiated in 1930–1939 and Followed in 1949. III. The Influence of Features of Management After Induction on Early and Late Results. ROGER S. MITCHELL..... 27

The Management of Massive Tuberculous Pneumonia. A Therapeutic Review of Seventy-Five Cases. WILLIAM S. SCHWARTZ AND RALPH E. MOYER..... 41

Electrocardiographic Changes Accompanying Pulmonary Collapse Therapy and Thoracic Surgery. MAX WEINSHEL, IRVING MACK, ARMOND GORDON, AND GORDON SNIDER..... 50

The Electrocardiogram in Patients with Mediastinal Shift to the Left. WILLIAM WEISS..... 64

Evaluation of the Hemagglutination Reaction in the Diagnosis of Active Tuberculosis. WILLIAM M. M. KIRBY, JAMES M. BURNELL, AND BETTY O'LEARY..... 71

Potassium Iodide and Para-Aminosalicylic Acid (PAS) in Chronic Fibroid Pulmonary Tuberculosis. M. R. LICHTENSTEIN..... 77

The Growth and Enumeration of Mycobacteria in Transparent Agar Medium. DIRAN YEGIAN AND VERA BUDD..... 81

Streptomycin and PAS in Experimental Tuberculosis of Guinea Pigs Infected Intracerebrally with Virulent Tubercle Bacilli. WILLIAM STEENKEN, JR., EMANUEL WOLINSKY, AND PHILIP C. PRATT..... 87

Sulfone Compounds and Potassium Iodide Alone and in Combination with Streptomycin in the Treatment of Experimental Tuberculosis of Guinea Pigs. JOHN A. KOLMER..... 102

Editorial: The Creative Spirit in Research. STUART WILLIS..... 113

Correspondence: Diagnostic Standards—1950 Edition. JOHN D. STEELE... 117

Books..... 119

American Trudeau Society: Notes..... 125

Abstracts..... 1

NUMBER 2, AUGUST, 1951

Artificial Pneumothorax: A Statistical Analysis of 557 Cases Initiated in 1930–1939 and Followed in 1949. IV. Incidence, Mortality, and Factors Associated with Complicating Tuberculous Empyema. ROGER S. MITCHELL..... 127

Artificial Pneumothorax: A Statistical Analysis of 557 Cases Initiated in 1930–1939 and Followed in 1949. V. Incidence, Degree, and Causative Factors of Pulmonary Contraction or "Unexpandable Lung". ROGER S. MITCHELL 141

Artificial Pneumothorax: A Statistical Analysis of 557 Cases Initiated in 1930–1939 and Followed in 1949. VI. Results in Various Selected Series of Cases. ROGER S. MITCHELL 151

The Hepatic Toxicity of Amithiozone. ABRAHAM FALK, LESLIE ZIEVE, WILLIAM B. TUCKER, AND MARK HANSON 159

Amithiozone Treatment of Pulmonary Tuberculosis. A Pilot Study of 21 Patients. HAROLD S. SANDHAUS, DANIEL E. JENKINS, KENNETH L. BURDON, AND BÉLA HALPERT 169

Tuberculous Appendicitis. A Clinicopathologic Study of 17 Cases. FREDERICK A. JAFFÉ 182

Streptomycin-Dependent Tubercle Bacilli. EDWIN A. DOANE AND EMIL BOGEN 192

Use of Rabbit Eye as a Tissue to Study Tuberculosis. I. Development of Localized Ocular Lesion. PAUL A. BUNN AND BERYL DROBECK 197

Use of Rabbit Eye as a Tissue to Study Tuberculosis. II. Effect of Certain Antituberculous Agents upon Ocular Tuberculosis. CHARLES V. ADAIR, BERYL DROBECK, AND PAUL A. BUNN 207

Editorial: The World Health Organization and Tuberculosis. Aims, Objects, and Accomplishments. J. B. MCDOUGALL 218

American Trudeau Society: Notes 223

Abstracts 29

NUMBER 3, SEPTEMBER, 1951

An Evaluation of the Role of Serial Chest Roentgenograms in Estimating the Progress of Disease in Patients with Pulmonary Tuberculosis. J. YERUSHALMY, L. H. GARLAND, J. T. HARKNESS, H. C. HINSHAW, E. R. MILLER, S. J. SHIPMAN, AND H. B. ZWERLING 225

The Clinical Importance of Lesions Undetected in a Mass Radiographic Survey of the Chest. HENRY B. ZWERLING, EARL R. MILLER, JAMES T. HARKNESS, AND J. YERUSHALMY 249

Analysis of the Ventilatory Defect by Timed Capacity Measurements. EDWARD A. GAENSLER 256

Some Effects of Adrenocorticotropic Hormone and Cortisone on Pulmonary Function of Patients with Obstructive Emphysema. DANIEL S. LUKAS 279

The Evolution of Tuberculous Lesions in the Guinea Pig During Administration of Adrenocorticotropic Hormone (ACTH) or Cortisone. CHARLES LEMAISTRE AND RALPH TOMPSETT 295

The Disappearance of Tubercle Bacilli from the Sputum Following Thoracoplasty. ROBERT T. POLACK AND W. F. FIDLER 307

Editorial: Mass Roentgenographic Surveys in Small Hospitals. RUSSELL H. MORGAN 313

Notes:

The Use of a Dubos-Type Solid Medium Containing Penicillin for the Primary Isolation of *M. Tuberculosis* from Human Discharges. ANNE ZUCKERMAN AND LOWELL A. RANTZ 318

The Use of Tuberculin-Treated Erythrocytes as an Antigen in Eliciting Cutaneous Hypersensitivity to Tuberculin. C. W. DEWITT AND J. M. BIRKELAND 322

American Trudeau Society:

The Award of the Trudeau Medal for 1951 323

Notes 326

Abstracts 53

NUMBER 4, OCTOBER, 1951

Tuberculomas of the Mediastinum. CLIFFORD F. STOREY AND HAROLD A. LYONS 327

The Enumeration of Viable Tubercle Bacilli by Surface Plate Counts. FRANK FENNER 353

A Study of the Relation of Nutrition to the Development of Tuberculosis. Influence of Ascorbic Acid and Vitamin A. HORACE R. GETZ, ESMOND R. LONG, AND HOWARD J. HENDERSON 381

Bronchography in Pulmonary Tuberculosis. With Histopathologic Correlation in 82 Resections. MAURICE G. BUCKLES, WILLIAM L. POTTS, HORACE B. DAVIDSON, AND WILFORD B. NEPTUNE 394

Tuberculous Meningitis: Correlation of Therapeutic Results with the Pathogenesis and Pathologic Changes. I. General Considerations and Pathogenesis. OSCAR AUERBACH 408

Tuberculous Meningitis: Correlation of Therapeutic Results with the Pathogenesis and Pathologic Changes. II. Pathologic Changes in Untreated and Treated Cases. OSCAR AUERBACH 419

Chemotherapy as Prophylaxis Against Secondary Intestinal Tuberculosis. A Report of 150 Autopsies. IVAR KÄLLQVIST 430

Attempts to Heighten the Effect of BCG Vaccination with Hyaluronidase. SVEN BERGQVIST 442

Plasma Concentrations of Para-Aminosalicylic Acid (PAS) After Oral and Rectal Administration as Influenced by *p*-(Di-*n*-Propylsulfamyl-Benzoic Acid (Benemid). CHARLES W. RIEBER, MYRON SALINE, AND MAX M. FRIEDMAN 448

The Effect of the Prolonged Administration of *p*-(Di-*n*-Propylsulfamyl)-Benzoic Acid (Benemid) upon Plasma Concentrations of Para-Aminosalicylic Acid. HAROLD L. ISRAEL, FELIX MICK, AND WILLIAM P. BOGER 453

The Importance of Respiratory Diseases. ALEXANDER D. LANGMUIR 461

Correspondence:

Tuberculin-Negative Tuberculosis. MICHAEL L. FURCOLOW AND WILLI MASCHER 468

Request for Data on Effects of Cortisone and ACTH on Tuberculosis in Humans. WILLIAM B. TUCKER 471
Books 473
American Trudeau Society: Notes 476
Abstracts 69

NUMBER 5, NOVEMBER, 1951

Plastic Reconstruction of Trachea and Bronchi. DONALD L. PAULSON 477
A Histologic Study of the Blood Vessels in Surgically Resected Tuberculous Lungs. JOHN DENST, ALLAN HURST, AND SIDNEY H. DRESSLER 489
The Value of Follow-up Studies of Children with Primary Tuberculosis. EDITH M. LINCOLN 499
The Effect of Adrenocorticotropic Hormone (ACTH) on Pneumonia Induced with Tuberculin in the Lungs of Sensitized Rabbits. OSCAR M. REINMUTH AND DAVID T. SMITH 508
Attempts at Passive Transfer of Tuberculin Type of Sensitivity with Living Granulocytes. W. F. KIRCHHEIMER, A. R. HESS, AND R. G. SPEARS .. 516
The Relationship Between the Virulence of Tubercle Bacilli and the Vigor of Their Oxidative Attack upon Certain Substrates. LIPPMAN H. GERONIMUS AND JORGEN M. BIRKELAND 520
The Relation Between the Size of the Infecting Dose of Tubercle Bacilli and the Survival Time of Mice. GUY P. YOUMANS AND ANNE S. YOUMANS 534
The Assessment of Antituberculous Chemotherapeutic Activity in Mice, Using Virulent Human-Type Tubercle Bacilli. GUY P. YOUMANS AND ANNE S. YOUMANS 541
Blood Media for Culturing Tubercle Bacilli. Evaluation by Means of a Serial Dilution Method. ARTHUR W. FRISCH AND MAURICE S. TARSHIS 551
The Subcutaneous Administration of the Sodium Salt of Para-Amino-salicylic Acid in the Treatment of Tuberculosis. BRUCE M. FISHER, GWYN ROBERTS, AND H. CORWIN HINSHAW 557
Case Reports:
The Development of Tuberculous Meningitis Following Cortisone Therapy. ALEXANDER A. DOERNER, CHARLES F. NAEGELE, FREDERIC D. REGAN, AND GEORGE F. CAMERON 564
Lipoid Pneumonia. A Report of Two Cases. HERMAN WEISSMAN 572
Notes: The Spectrophotometric Determination of Para-Aminosalicylic Acid and Its Acetyl Derivative in Human Urine. JESSE CHARNEY AND MARTIN KUNA 577
American Trudeau Society: Notes 579
Abstracts 85

NUMBER 6, DECEMBER 1951

Cardiopulmonary Function in Hematogenous Pulmonary Tuberculosis in Patients Receiving Streptomycin Therapy. JOHN H. MCCLEMENT, AT-

TILIO D. RENZETTI, JR., DOUGLAS CARROLL, AARON HIMMELSTEIN, AND ANDRE COURNAND 583
Extraction and Fractionation of Water-Soluble Components from Tubercle Bacilli. ROBERT J. HECKLY AND DENNIS W. WATSON 602
Pulmonary Tuberculosis, Bronchiectasis, and Calcification as Related to Bronchogenic Carcinoma. C. EUGENE WOODRUFF AND HECTOR C. NAHAS 620
Adrenocortical Function in Pulmonary Tuberculosis. ALBERT J. FINESTONE AND CHARLES R. SHUMAN 630
Complications of Artificial Pneumoperitoneum. A Review. HANS F. STEIN 645
Experimental Studies on the Toxicity of Amithiozone in Dogs. JOHN H. MOYER AND ROBERT B. PERKINS 659
A Tuberculostatic Serum Substance Possessing Lysozyme-like Properties. QUENTIN MYRVIK AND RUSSELL S. WEISER 669
A New Serologic Test for Tuberculosis. Preliminary Report. EDGAR R. MAILLARD AND FRANK J. GAGLIARDO 675
Case Reports:
Reaction to Para-Aminosalicylic Acid Simulating Tuberculous Meningitis. EZRA V. BRIDGE AND GERALD N. HOFMANN 682
An Anomalous Tracheal Bronchus to the Right Upper Lobe. CHARLES E. GERSON AND EMIL ROTHSTEIN 686
Editorial: Lymph Node Tuberculosis and Its Treatment in Accessible Nodes. CHARLES W. LESTER 691
Notes:
Influence of Methods of Preparation on the Viability of BCG Vaccine. EDMOND GRASSET 695
Preservation of Cultures of *M. Tuberculosis* by Freezing. KURT STERN AND RALPH TOMPSETT 696
A New Method of BCG Production. SOL ROY ROSENTHAL 698
Books 702
Index of Authors 707
Index of Subjects 712
Index of Abstracts 105
